

CryptoTracer – UX/UI

Tasarımda renklerin çok önemli bir yeri vardır. Her rengin bir anlamı vardır.

Pro Tip 1 Consider psychology of colors

| Color | Emotion |
|--------|---|
| Red | energy, attention, courage, passion |
| Orange | optimistic, creativity, fun, independent |
| Yellow | happiness, opportunity, positivity, enthusiasms |
| Green | growth, harmony, dependability, kindness |
| Blue | freedom, trustworth, wisdom, joy |
| Purple | mystery, sensitivity, imagination, spirituality |
| Pink | love, playful, admiration, immature |
| Black | power, authority, discipline, elegance |

Projemde siyah ve turuncu renklerini ön planda tuttum. Birçok kişiye gösterip yorumlarını aldım ve beğendiler.

This screen has a dark blue background. At the top is a search bar with the placeholder text 'Search' and a yellow 'X' icon. Below the search bar are three identical list items. Each item consists of a yellow circle icon, the text 'Coin Name', and a yellow square icon. At the bottom center of the screen is a yellow circle icon containing a checkmark, with the word 'Done' written below it.
